Some questions to consider as you review the plan are: 1) Overall, does the plan move the region in the right direction and why? 2) What projects or strategies do I strongly support and why? 3) What projects or strategies do I strongly oppose and why? 4) Are there any projects or strategies that I believe are missing? 5) How would I modify or revise any of the proposed projects or strategies? 6) What will we have to do as a region to make this plan successful?
