

# WVU Core Arboretum Masterplan Concepts

WVU Landscape Architecture Program, in partnership with the WVU Core Arboretum, is working on improvement planning for the arboretum. In the Spring 2018 semester, 3rd year WVU Landscape Architecture students will be developing conceptual plans for improving the arboretum.

Project activities will include:

<b>Feb. 12 - March 5</b>	Students develop inventory and analyses of the arboretum
<b>Feb. 22</b>	Students Develop Trail Grading Plans With Bridge Crossings
<b>March 5</b>	Public input session
<b>March 5 - 26</b>	Students incorporate public input into site designs
<b>March 19-20</b>	WVU Landscape Architecture Alumni Charrette
<b>March 26</b>	Students present designs and collect public input
<b>April 3</b>	Design products shared with local stakeholders

Feedback collected at public input sessions for the project will be incorporated into site designs. Join us so that your ideas can be included in the project!

**Public Input Sessions**  
**March 5th and March 26th**  
**1:30 to 4:00 pm**

at the

**New Agricultural Sciences Building - Room 4443**  
**333 Evansdale Drive**  
**Morgantown, WV 26506**
