

Intersection Location:

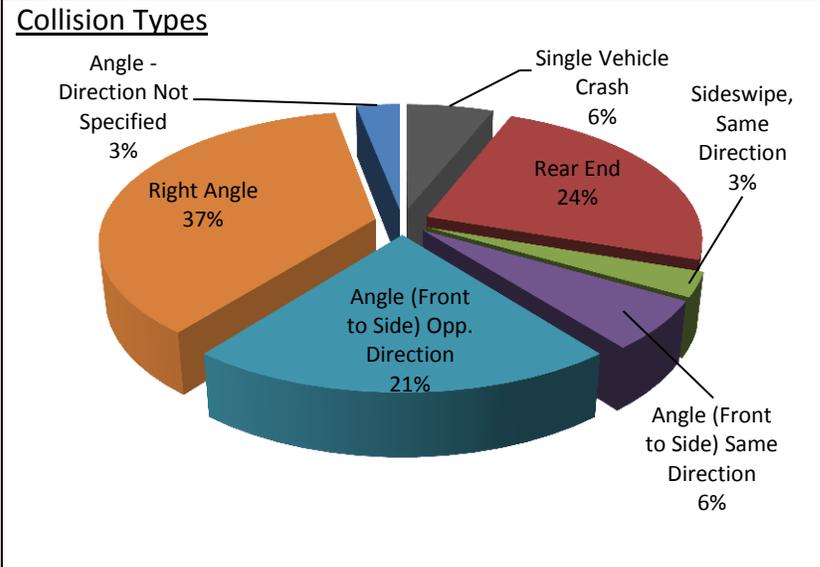

West Run Road & Stewartstown Rd

Intersection Diagram

Accident Summary (09-11)

Crash	Injuries(Nonmotorist)	Fatality
33	10(0)	0

Key Funding:

- Intersection safety is affected by narrow roadway and visibility.
- Major obstacles for intersection improvements are existing buildings, utility poles, and existing right of way.

Notes

- Roadway width is estimated for pre-engineering level study.
- Intersection diagram is drawn from Pictometry aerial photography (2012).
- Accident summary is based on approximately 90% valid entries from raw data.

Reporting Date: May 23, 2013
