

BICYCLE/ZERO EMISSION RALLY

CLIMATE STRIKE **SEPT 20**

Join us on Friday at 12:30PM for Morgantown's first Climate Action Bicycle Rally!

Where: Agricultural Sciences Green Square (in between both Agricultural sciences buildings and the Evansdale Library)

Positive Spin Bicycle Collective has partnered with Mountaineers For Green Design as one community working towards sustainability, public safety, and active community engagement. After meeting on Evansdale, a "bike march" will take place from Evansdale to Woodburn Circle downtown where other climate action events will be held. We will be escorted by a police cruiser, and hope to demonstrate the growing need for sustainable, safe transportation in our city.
